STRUCTOBOND® – the permanent ones

Sticks. Holds. Stays.

The innovative labels are based on new patented technology for the permanent identification of tools, containers, and bins. It includes an epoxy resin adhesive that has been applied in web form, enclosing the data carrier and fixing it securely. This makes **Structobond®** an attractive alternative to mechanical or laser engraving. This is primarily used for pharmaceutical and medical technology, but also for industrial applications.

Industrial Labels, Tags, label printers and tools

Our labels and tags for industrial identification

GRAPHIPLAST® tags – extremely tear-resistant and economical
Robust, Heat resistant, Oil repellent.

The robust plastic labels are an S+P Samson classic. These weather-resistant data carriers for the labeling of materials up to 580 °C were developed for particularly rough ambient conditions and are easy to print with conventional IT printing systems. Fully customized to your requirements and available as tags, adhesive labels or combination labels.

RFID – The Electronic Ones

Modern. Intelligent. Functional.

In today's digital world, **RFID** solutions are part of modern identification systems. S+P Samson offers special labels for metallic environments and high-temperature applications which enable an automated identification. This ensures reliable material flow organization using permanent verification. Radio-controlled and in superior S+P Samson quality.

Industrial Safety Equipment's

Red Line Trading specializing in the broad range of newest, durable, easy-to-use LOTO products that cover most mechanical and electrical applications, we offer safety padlock, valve lockout, lockout hasp, electric lockout, cable lockout, lockout kit and station, tags, etc.

All of our products are manufactured following the OSHA Standard, approved with CE certificate.

We have our research and development team to bring out various kinds of safety lockout products and solutions to meet our dedicated customer's requirements.

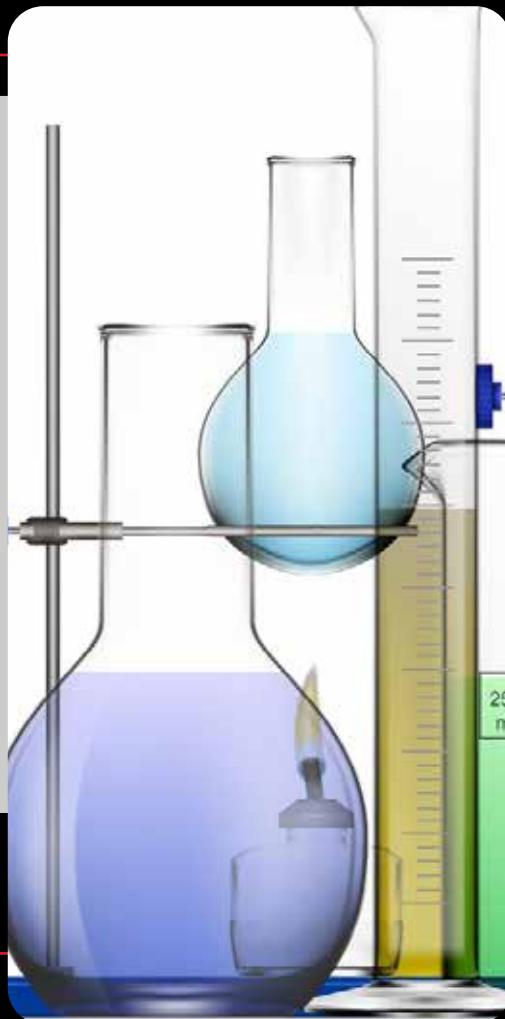

We aim to provide good services with high-quality products.

Good credit and reciprocal benefits are what we are following in business.

Chemicals and Laboratories, Equipments, tools and Supplies

Supplying medical laboratory equipment, industrial and chemical analysis laboratories, schools and universities laboratories and supplying chemical materials to laboratories.

- Marketing
- Rental Tents
- Dome video projection

Public Relations and Media Production

((Ministry of Culture and Information license No.: 56290))

Red Line has strong business and cooperative relations with specialized Companies in this field to provide excellent media production for our Customers to satisfy their needs and meet their requirements.

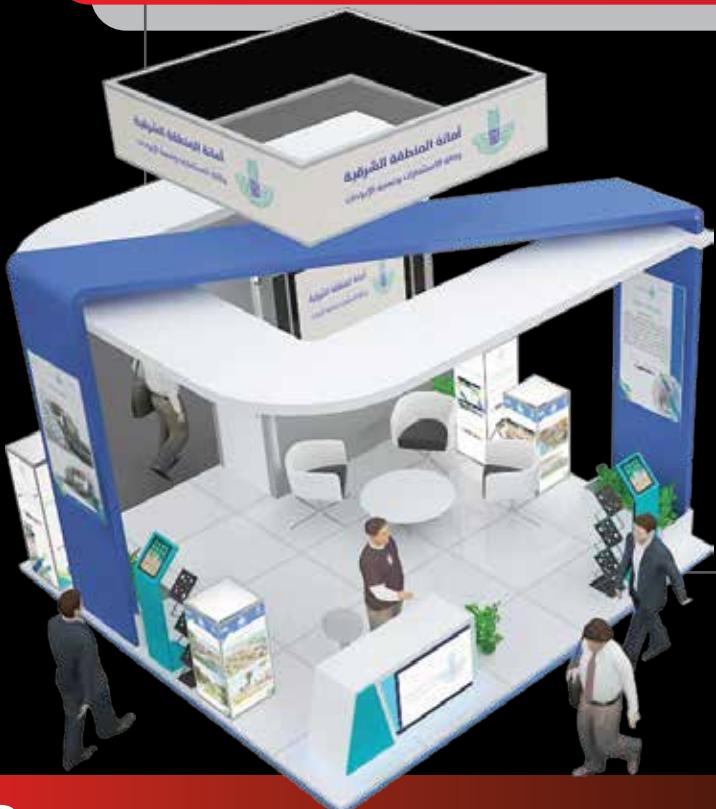

Red Line for Exhibitions and Conferences

Red Line for **Exhibitions**, Conferences and Events Management

Red Line can provide a single-source solution for all your exhibition needs.

From stand design to marketing collateral and overall management, not to mention an inexhaustible stock of great ideas to make you stand out, we have everything covered.

Red Line for Exhibitions, **Conferences** and Events Management

Red Line works seamlessly to achieve your vision and make your event a memorable experience; participants and sponsors alike will want to return. Whether you are looking for a single service, help in a few areas, or a complete meeting management package.

Red Line delivers your event with something few others can: confidence and a genuine commitment to sustainability.

Red Line for Exhibitions, Conferences and **Events Management**

Maybe you are planning to create and host your own exhibition for a particular market sector, you need support designing and building a stand to maximise your company's visibility amongst attendees, or you are looking for innovative ideas to increase footfall to your spot.

Whatever you need to make your exhibition presence truly felt the element everyone remembers, Red line are your perfect partner.

MARKETING

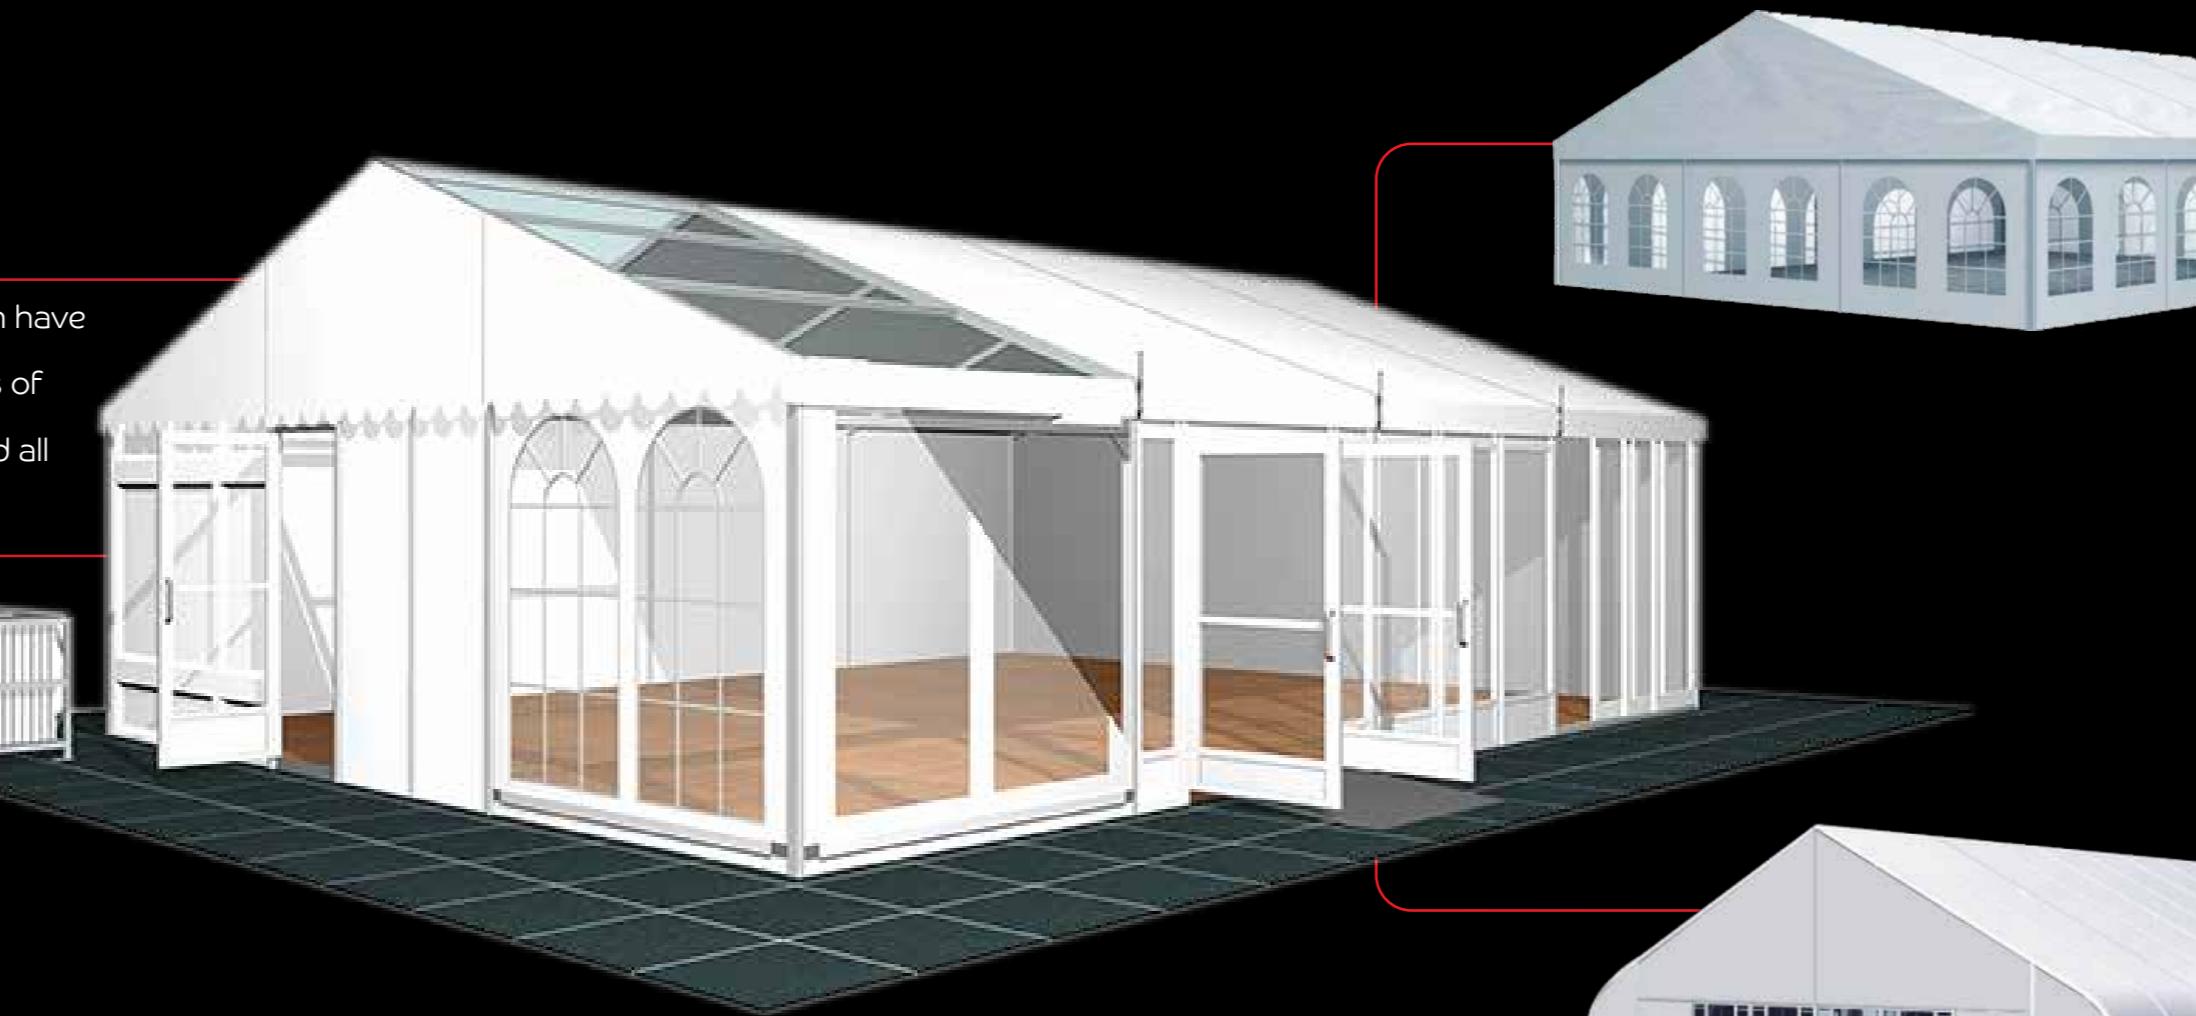

we will tailor-make Social Media Marketing strategies specifically designed for your brand and audience. Your campaigns will be fully supported and managed social programs aimed to attract new customers and increase your profitability.

Our Social Media Services give you the possibility to connect and share information leading to an increase of your brand's, product's or service's awareness. Social Media Marketing encourages user-generated content from within the most popular social media platforms such as Facebook, Google+, Twitter, Pinterest and LinkedIn. The results of Social Media Advertising are reflected in the number of re-tweets, shares, comments, likes and views.

Rental Tents

Renting and installing high-quality European tents, which have all safety and security certificates, and installing all types of decorations, regular internal curtains, fire-resistance, and all lighting and air-conditioning equipment.
